2022 floods will likely hamper progress towards the achievements of the SDGs in Pakistan by 2030

8.4 to 9.1 million people pushed into poverty
6 to 7 million people will fall further behind

Additional 7.6 million people facing food insecurity

17 million women and children at greater risk of preventable diseases.

4.3 million people with job loss/disruption

640,000 women and girls at risk of GBV and child marriage

Strategic recovery pillars

VISION

An inclusive and resilient recovery through a “Whole of Pakistan” approach, leading to sustainable development for the people and country

PILLARS

Restoration of jobs and livelihoods

Recovery and reconstruction of critical assets, services, and infrastructure

Strengthening governance and stakeholder capacity for reconstruction, especially communities

FOUNDATION

Build Back Better
People-centered socioeconomic recovery
Building systemic resilience against natural hazards and climate change impacts

Thanks.
